

LOCI “Locativité et Interaction en Logique, Linguistique et Informatique” (ANR 2010)

Workshop IV

ONTOLOGIES AND LEXICAL SEMANTICS

Organized by

- LIPN, Université Paris 13
- Gruppo di ricerca in Logica e Geometria della Cognizione, Università Roma Tre

Rome, September 30 and October 1, 2011

“Casa San Bernardo”, via Laurentina 289

Programme

- Friday, September 30, morning

9h.00-10h00 Alain LECOMTE (SFL, Université Paris 8)
Introduction aux problèmes de lexique

10h00-10h30 Coffee break

10h30-11h30 Marco ROMANO (Università Roma Tre & Epistemica Srl)
Ontologies, Logic and Interaction, 1. Approaches to Semantic Web: From lexical semantics to geometrical compatibility

11h30-12h30 V. Michele ABRUSCI (Università Roma Tre)
Ontologies, Logic and Interaction, 2. Open questions and new research perspectives

- Friday, September 30, afternoon

15h00-16h00 Pierre LIVET (Université de Marseille)
Ludics as a process of making explicit and interactive ontological types

16h00-17h00 Claudia CASADIO (Università di Chieti-Pescara)
Ontologies in Linguistics and Psychology: Theoretical models and open problems

17h00-17h30 Coffee break

17h30-18h30 Remo PARESCHI (Università del Molise)
An inside-out perspective on lightweight ontologies

18h30-19h30 First general discussion. Chair: Christophe FOUQUERÉ (LIPN, Université Paris 13)
Ontologies et sémantique lexicale

▪ Saturday, October 1, morning

9h00-10h00 Aldo GANGEMI (ISTC, CNR, Roma)
Some design patterns for the ontology-lexicon interface over the Web

10h00-10h30 Coffee break

10h30-11h30 Richard MOOT (LaBRI, Université de Bordeaux)
Syntax, semantics, and pragmatics in a unified type theoretical framework
(Joint work with Laurent Prévot and Christian Retoré)

11h30-12h30 Daniele PORELLO (University Amsterdam)
Ontology Merging as Social Choice

▪ Saturday, October 1, afternoon

15h00-16h00 Monica MONACHINI (ILC, CNR, Pisa)
Towards interfacing lexical and ontological resources

16h00-17h00 Samuel TRONÇON (Université de Marseille)
TBA

17h00-17h30 Coffee break

17h30-18h30 Final general discussion. Chair: Claire BEYSSADE (Institut Nicod, Paris)
Ontologies et sémantique lexicale
